... Our High School lives have become a silhouette — a memory of people, places, and events. The light from the past glows dimly, while the glimmer of the future beckons us forward. As we approach that glimmer, our reflection from the light in the past provides a shadow which points the way to our destiny ...

*Sometimes, not often enough,
We reflect upon the good things.
And those thoughts always center around those we love.
And we think about the people who mean so much to us.
And for so many years have made us so very happy.
And we count the times we have forgotten to say thank-you.
And just how much we love them.*

— The Carpenters

To you Miss Visconti, a sincere thank you for all your efforts on our behalf. Your diligence, guidance, and willingness to give and give selflessly will remain in our hearts for years to come.

IN APPRECIATION

Mrs. Claudia Doherty and Mr. Russell Ridolfi are the very dedicated advisors to the Oak, Lily, & Ivy. To them, the class of 1974 and especially the OLI Staff extends its greatest appreciation. They have unselfishly devoted their time, their homes, and many times even their money in helping us to meet the deadlines and to make

Mrs. Claudia A. Doherty

Mr. Russell A. Ridolfi

OLI 74 a worthwhile experience.

But even more than this they have been not just year-book advisers, they have been our friends with whom we could confide in and share our joys and frustrations.

To you, Mrs. Doherty and Mr. Ridolfi, a very sincere thank you. All your kindness and thoughtfulness will never be forgotten.

THANK YOU

Among those people we must also thank are the people of the town of Milford, who have given us this beautiful new high school to work in. They have extended themselves to give us not just a new high school but the best and most modern facility in the east. You, the townspeople of Milford, have truly made the New Milford High School a center for learning and culture.

SECOND FLOOR PLAN

Main Lobby

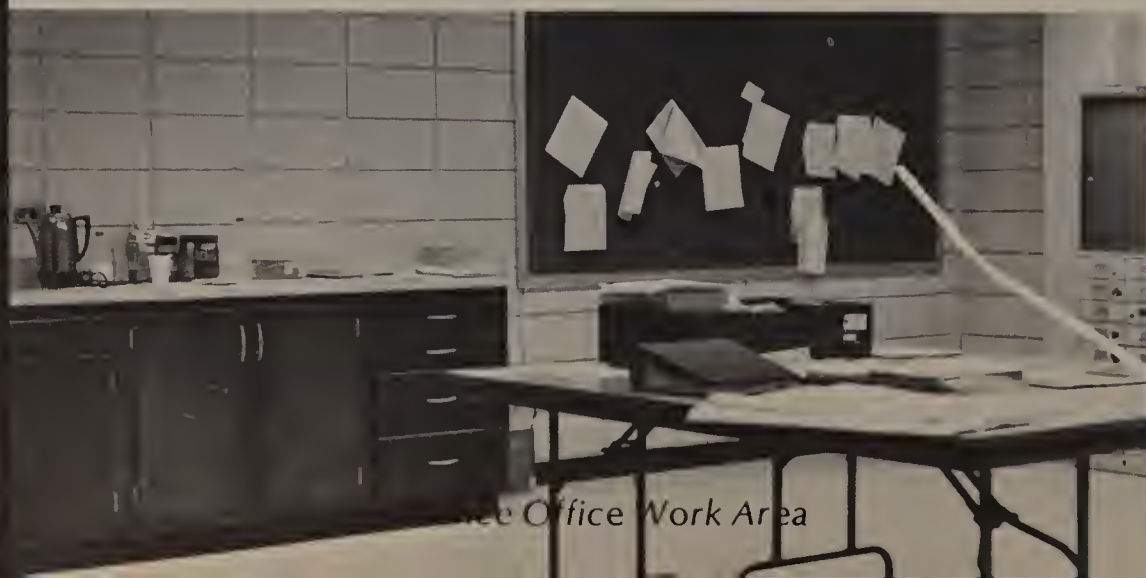

Welcome to the new Milford High School. When you come into the main entrance, you might find it hard to believe that you have entered a high school. The large planter is the main attraction in the lobby. It is one of the favorite gathering spots for the students. Turning left at the main lobby we enter the academic wing. It is comprised of two floors of identical classrooms. Highlighting the academic wing are the air-conditioned middle rooms and the rooms which can be opened up to accommodate larger groups. At the far end of these rooms is a stage used for dramatic presentations.

Housemaster's Office

Also in the academic wing are two activity rooms. Both these rooms are greatly used. One houses the Scarlet Newspaper, the other our own OLI staff. Directly across from the activity rooms are two large office suites. On the first floor is the Housemaster's Office and on the second, the Guidance Office.

Media Center

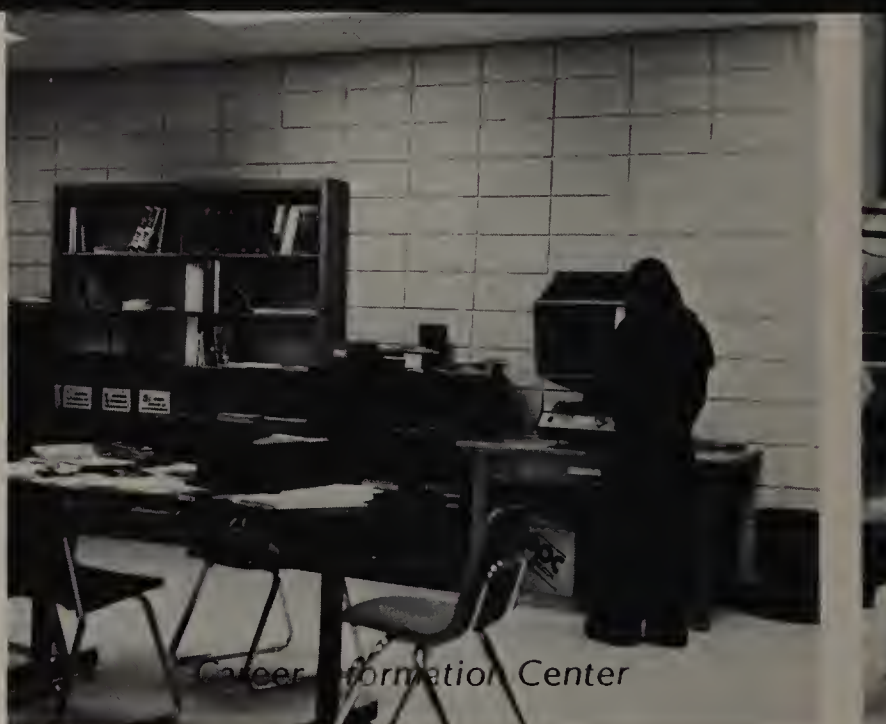

The Media Center is the heart of Milford High School. Students come here for studying and relaxation. A beautiful view of the Media Center is seen from the gallery above. On this gallery, many rooms are located, including the Career Information Center and reading rooms.

The doorway off the Media Center leads to the Teacher's Resource Center. Here, each teacher has a small area for a desk, and can be found here during free time.

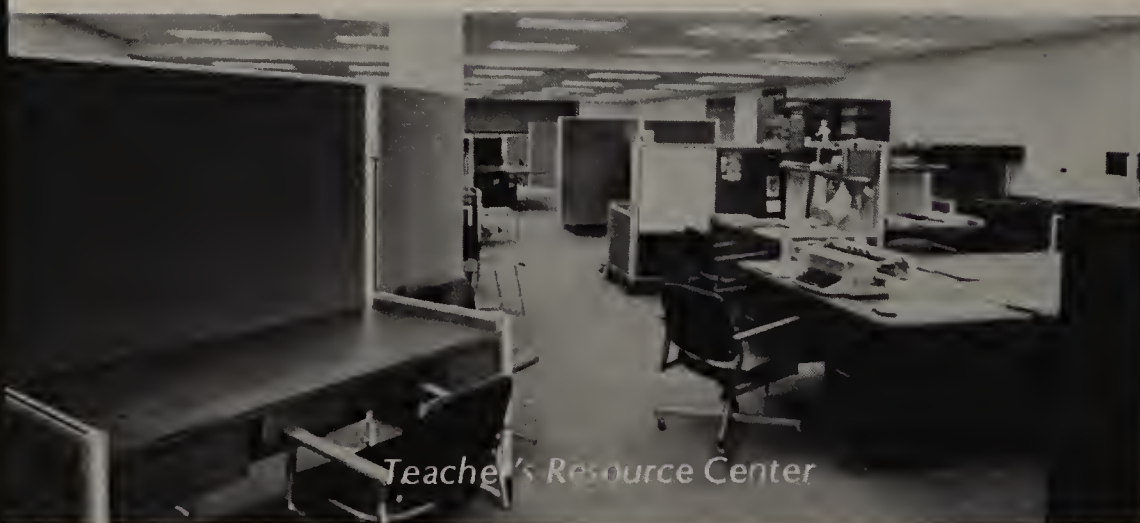

Directly outside, in the back of the Media Center, is the courtyard. This is an area of controversy, because it is the location of the Designated Smoking Area.

The area to the right of the main lobby is the Administration Wing. It houses the Principal's and Vice-Principal's offices.

Another very attractive stairway leads to the Community Science Center. The Lecture Hall is located to the left of this stairway. The hall is used for Social Economics and Physics lectures, as well as club meetings.

Plant Room

The Classroom Labs of the Science department branch out of the Community Science Center. The center is used as a resource facility for science and math projects. Directly above the science wing on the second floor is the business wing. The typing rooms are furnished with new and better equipment!

A highlight of the area is the Office Simulation Room. The room looks and runs exactly like a business office. This provides the students with a look at the business world. The retail store is the school supply shop. Students can purchase books, pencils, and other necessary items.

Occupational Ed. Room

A long tiled corridor joins the academic wing of the building with the Occupational wing. This area of the school is an eye-catcher. The equipment used in refrigeration, electronics, carpentry, and air conditioning is so magnificent, that it allows the students to learn with the most modern materials available.

Three sky-lights enhance the beauty of the lobby outside the auditorium and cafeteria. The new format of the cafeteria is especially appealing to the students. The addition of the snack bar makes it possible for the students to buy hot chocolate, cookies, and donuts during their free mods.

David I. Davoren Memorial Auditorium

It may look similar to the Milford Cinema but it's the new David I. Davoren Auditorium. The rows of orange seats face a great stage. This auditorium will be very useful for class assemblies and other school activities where there was never enough room for everyone.

Another attraction is the Home Economics Rooms. These rooms are always busy with activity. The Cooking Room is decorated with gold appliances and wooden cabinets.

The Art Room is colorfully arranged with pictures and different art projects.

How can one explain the back and lower level of the school? You can say that it houses the Music Department, Phys. Ed. and Child Development, but that wouldn't be enough. The chorus and band finally have a room big enough to house the instruments along with the students. And, of course, Milford High's new pride and joy is the huge new Olympic swimming pool, complete with underwater window and spectator's gallery.

The huge gymnasium is the place where the action is in Phys. Ed. It will be great fun to finally go to a basketball game in our own school. Last but not at all least is a very new project at Milford High. The Child Development Rooms are a place where learning is doing. It is where students interested in the pre-school child may experience their behavior and growth.

It has been a pleasure to introduce you to the New Milford High School. Though you have only seen a small portion of it, you can surely agree that the New Milford High School is truly a place for growth and learning.

IN THE SHADE OF THE

To bear up under loss, to fight the bitterness of defeat and the weakness of grief, to be victor over anger, to smile when tears are close, to resist evil men and base instincts, to hate hate and to love love, to seek ever after the glory and the dream, to look up with the unquenchable faith in something evermore about to be, that is what any man can do. and so be great.

— Zane Grey

Remember this now
Before you are older;
Don't go through life
With a chip on your shoulder,
Always aggrieved
And ever offended,
Fancying wrongs
That are not intended.

Let not a sense
Of humor desert you.
Take it that nobody
Means to hurt you.

Look for the good
In everybody.
Value the wool
Forget the shoddy

Get in the habit
Of liking people.
Love is the spire
On every steeple.

Arthur Guiterman

Iron rusts from disuse, stagnant
water loses its purity . . . even so
does inaction sap the vigors of the
mind.

Leonardo da Vinci

Four things do not come back:
The spoken word, the sped-ar-
row, the past life and the neglect-
ed opportunity.

Ralph Waldo Emerson

There is a time in every man's education when he arrives at the conviction that envy is ignorance; that imitation is suicide; that he must take himself for better or for worse as his portion; that though the wide universe is full of good, no kernel of nourishing corn can come to him but through his toil bestowed on that plot of ground which is given to him to till. The power which resides in him is new in nature, and none but he knows what that is which he can do, nor does he know until he has tried.

OLD WISDOM TREE

How happy is the man who finds wisdom,
The man who gains understanding!
For her income is better than income of silver,
And her revenue than gold.
She is more precious than corals,
And none of your heart's desires can compare with her.
Long life is in her right hand,
In her left are riches and honor.
Her ways are ways of pleasantness,
And all her paths are peace.
She is the tree of life to those who grasp her,
And happy is every one who holds her fast.

No man can reveal to you aught
but that which already lies half
asleep in the dawning of your
knowledge.

The Prophet

An acorn is not an oak when it is
sprouted. It must go through long
summers and fierce winters, and
endure all that frost, and snow,
and thunder, and storms ... be-
fore it is an oak. So a man is not a
man when he is created; he is
only begun. His manhood must
come with the years.

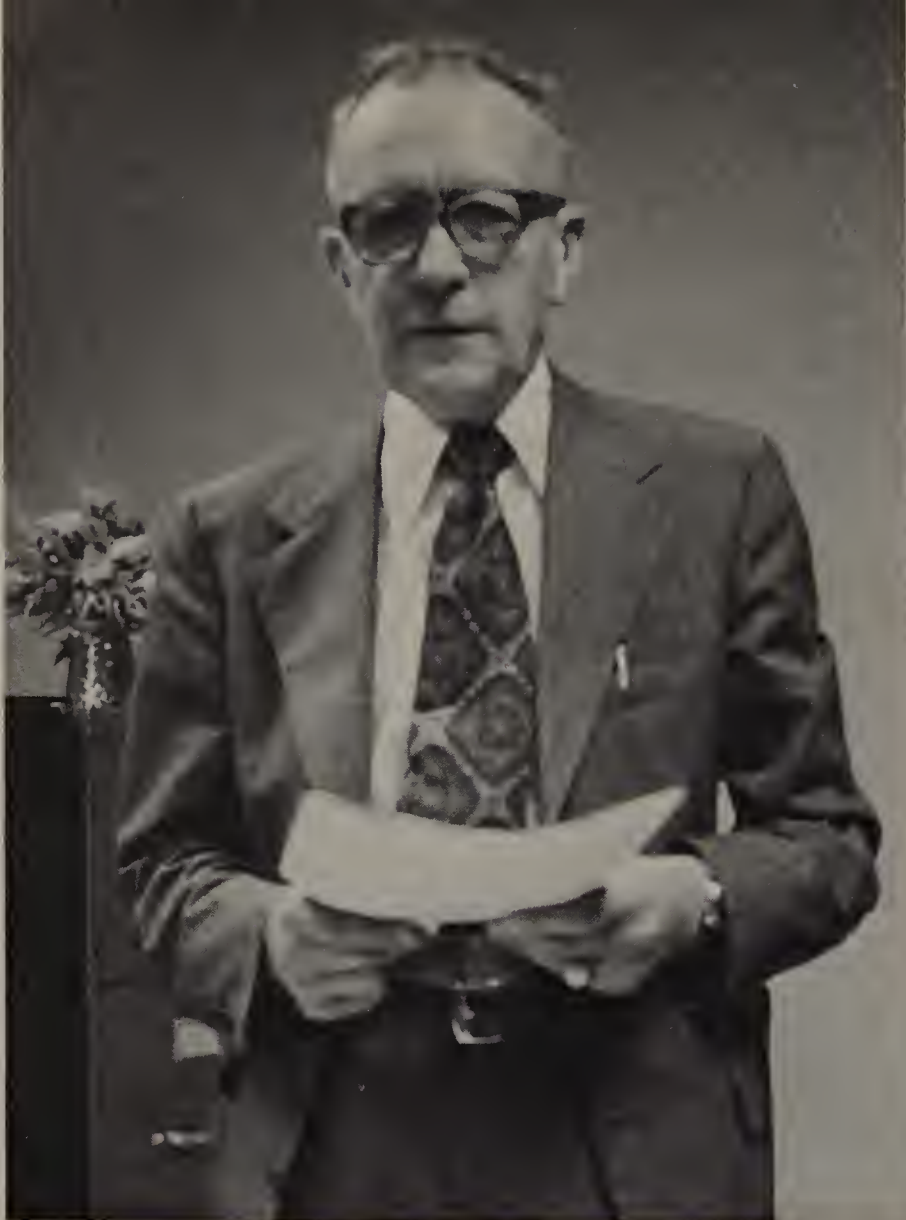

We cannot accomplish our work
in the world if we are indecisive.
We must learn to make up our
minds on the basis of sound
judgment, and then follow
through.

Man as mind is subject to change.
He is not something "made" and
finally completed, but has within
him the capacity for progress.

The sincere man does not do or say that which he would be
ashamed of were it brought to light. His uprightness of spirit
enables him to walk upright and confident among his fellow-
men. His presence is a strong protection, and his words are di-
rect and powerful because they are true. Whatever may be his
work, it prospers. Though he may not always please the ears of
men, he wins their hearts; they rely on him, trust and honor
him.

Life is full of beginnings. They occur every day and every hour to every person. Most beginnings are small and appear trivial and significant, but in reality they are the most important things in life.

There is no difficulty that enough love will not conquer; No disease that enough love will not heal; No door that enough love will not open; No gulf that enough love will not bridge; No sin that enough love will not redeem . . .

Be true to others, and others will be true to you . . . If you have lost faith in human nature, discover where you have gone wrong yourself.

There are right beginnings and wrong beginnings, followed by effects of like nature. You can, by careful thought, avoid wrong beginnings and make right beginnings, and so escape evil results and enjoy good results . . .

TODAY & TOMORROW

*Time is an element
Precious but not lasting
For everyone loses time on
The way to success*

*Visions of promise
Come to one's mind
To see the everyday tomorrow
That one day you will find*

*Awaken to your dream
For it will come one day
And the promise of the future
Will come to all, and stay*

It makes no difference how deeply seated may be the trouble, How hopeless the outlook, How muddled the tangle, How great the mistake, A sufficient realization of love will dissolve it all . . . If only you could love enough you would be the happiest and most powerful being in the world . . .

*RULE FOR HAPPINESS:
Something to do,
Someone to love,
Something to hope for.*

What is a friend?

A friend is one who tries to understand your moods and help you in time of trouble.

A friend is one who hears both sides of the story, before passing judgements.

A friend is one who doesn't turn against you to gain the friendship of others.

If your friend is not any of these, then he or she was never a true friend.

FRIENDSHIP

You are an amazing grace
You are a precious jewel
You — special, miraculous
unrepeatable, fragile,
fearful, tender, lost
sparkling, ruby, emerald
jewel rainbow splendor
Person.

Joan Baez

To behold a whole new day aborning
To heed the call of dawn's creation
To peer inward and see soul
To gaze outward and see hope
To feel new meaning in the life you know
To wonder at the life you are about to know
To quest for who you are and what you are to be
To find purpose in being
To sense challenge in becoming
To imagine yourself a star in the heavens
To approach the unknown and ask why
To confront the unknowable and ask why not
To adventure in flights transitory
To see eternity in truths immutable
To reach
To touch
To know

Don't put off being happy . . .
You can start right in today
With a cheerful little world or smile
To chase the clouds away . . .

With a little faith that day by day
Things work outright, somehow . . .
Don't put off being happy
There's no better time than now!

*I love you not only for what you are,
but for what I am when I am with you.*

*I love you not only for what you have
made of yourself, but for what you are
making of me.*

*I love you because you have done
more than any creed could have done
to make me good, and more than any
fate could have done to make me
happy.*

*You have done it without a touch,
without a word, without a sign.*

*You have done it by being yourself.
Perhaps that is what being a friend
means, after all.*

*To rejoice at the rise of the sun
To seek light where there is dark
To seek peace where there is strife
To embrace dear values
To seize the present
To chart the future
To find summer in winter, sun in rain
To accept your place in today
To assert your place in tomorrow
To love to live
To live to love
To laugh
To cry
To be
To become*

*Friendship is a vase, which, when it is
flawed by heat or violence or acci-
dent, may as well be broken at once;
it can never be trusted after. The
more graceful and ornamental it
was, the more clearly do we discern
the hopelessness of restoring it to its
former state. Coarse stones, if they
are fractured, may be cemented
again; precious ones never.*

— Walter Savage Landor —

AND SUCH

*Don't cry when it would be
just as easy to laugh
Don't be afraid to express
your true feelings
Don't be ashamed of what
you feel
For you are the only one
who will ever truly know
yourself
You are the only one who
can make your life what
you want it to be.*

Senior Year Officers Were (SEATED): Linda Alberto — Secretary, Peter Celozzi — President, Debbie Deleso — Treasurer. (STANDING): Karl Herbst — Vice-President, and Miss Visconti and Mr. Siipola — Advisors.

CLASS OF 1974 OFFICERS

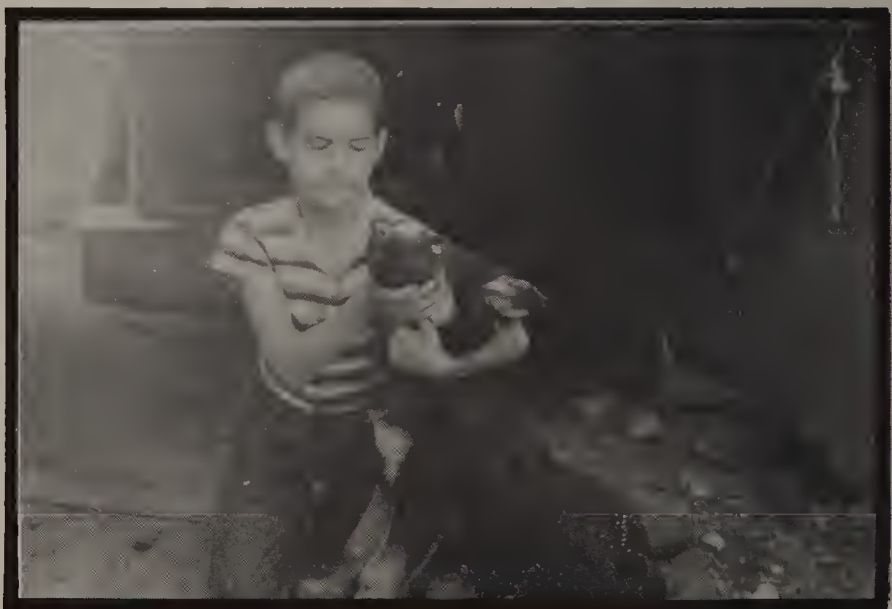

Karl Herbst and Charles Paniszczy were chosen by their classmates to be Milford High School's Boy's State Representatives. They were chosen for their outstanding qualities of leadership and dependability. The purpose of the program is to teach and stimulate the process of nominating, voting, and electing public officials.

June Giacomuzzi was selected by a vote of her classmates as the recipient of the Daughters of the American Revolution Award. She was the senior girl most personifying the qualities of leadership, patriotism and character. She was also chosen to represent Milford at last year's Girl's State Convention held at Bridgewater State College.

Anthony Compagnone was selected for the second consecutive year to represent Milford High School in the annual American Legion Oratorical Contest. The title of his oration was "The Challenge."

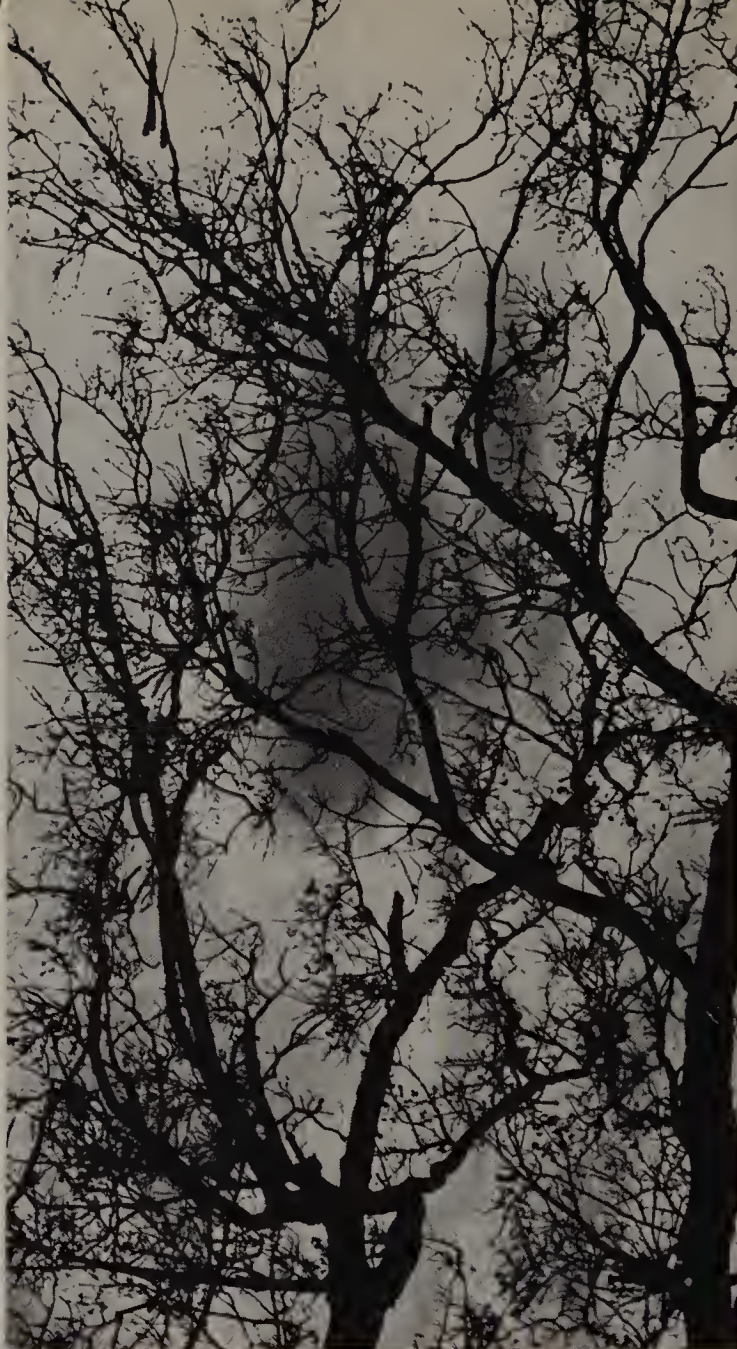

We were unable to obtain a picture for the following Seniors:

*Let the act of the moment be
governed by the deep abiding
purpose of the heart.*

James Allen

*Pleasure is a freedom — song,
But it is not freedom.
It is the blossoming of your
desires,
But it is not their fruit.
It is a depth calling unto a
height,*

*The beauty seen is partly in him
who sees it.*

*But it is not the deep nor the
high.
It is the caged taking wing,
But it is not space
encompassed.
Ay, in very truth, pleasure is a
freedom — song.
And I fain would have you
sing it with the fullness
of heart;
yet I would not have
you lose your hearts
in the singing.*

*A little work, a little play
To keep us going — and so,
good-day!*

*A little warmth, a little light
Of love's bestowing — and so,
good-night*

*A little fun, to match the
sorrow
Of each day's growing — and
so, good-morrow*

*A little trust that when we die
We reap our sowing! And
so — good-bye!*

THANK YOU FOR YOUR

Oak, Lily, & Ivy

When speaking of ourselves, it is often difficult to explain or describe. In this case, we are not ashamed to speak of our extraordinary work on this edition of the yearbook. Many hours after school were put into the production of our book. Often we stayed until supertime in order to meet the next deadline. We were led by two diligent co-editors, June Giacomuzzi and Anthony Compagnone, whose constant nagging and fine leadership kept our OLI machine running smoothly. A tribute must be paid to them, for it was our co-editors who backboned the publication.

We would also like to thank our advisors, Mr. Russ Ridolfi and Mrs. Claudia Doherty. Without their guidance, our book would never have become a reality.

We plan to enter our book into competition with other yearbooks throughout the country.

Hopefully, you will get as much enjoyment out of our yearbook as we did, putting the time into it. By year's end, our 1974 edition of the Oak, Lily, and Ivy has made an everlasting impression on us. It has been a tremendously, worthwhile experience.

Student Council

The purpose of the Student Council is to strengthen relations between the student body, the faculty, and the administration. The council works with the students to change and improve school policies. This year such policies as Court Yard smoking privileges and rules and regulations of the Media Center were studied by the group. Together with the co-operation of the faculty they have helped to make these policies fair and acceptable to all.

The Council also attended two conventions this year. These two events were very helpful to the council in learning how to improve on policy and curriculum.

Some of the activities of the year include, the annual Harvest Dance, the Sadie Hawkins Dance, Student Government Day, Student-Exchange Day, the awarding of two scholarships, and donations to various charities.

This year's Honor Society, consisting of 47 senior members, formulated many plans for change. The four basic qualifications for membership are scholarship, leadership, character, and service. In past years only scholarship was strongly stressed. Now the other characteristics are considered on a more equal basis. During the year the members performed many helpful services. Also there were many changes in the induction ceremony. In past years it was held late in the year, but this year it was held in early April. Seniors also took a more active part in the ceremony. Advisor of the club is Mrs. Claudia Doherty.

key club

The main purpose of the Key Club is service — service to the school, community, and country. This year's Key Club, though small in number, is a closely knit organization of Juniors and Seniors who have offered as services a very successful Thanksgiving dance, aided in the New High School orientation program, and the popular "Ride-a-Bike-for-the-Retarded". The club also awards two scholarships to seniors who displays outstanding qualities of leadership, service, and high scholastic capabilities.

The devoted faculty advisor is Mr. Ted Burke and he was assisted by President Alan Heitin, Vice-President Ernie Gentile, Secretary Anthony Compagnone, and Treasurer Eddie Curran.

The French Club has assumed a new image this year; instead of being the small group of predominantly female "aficionados," the club has increased its membership immensely and has been invaded by "les Garcons."

With the intent of learning more French and about the French and their country, the members have met regularly. French words, families and French T.V. were discussed and illustrated. The freshmen were even surprised that "ils ont compris la plupart."

All the members worked together to sponsor a bake sale, car wash, puppet show, and fashion show. The last two, besides earning money for the club, gave the community two worthwhile events typically "a la francaise".

The purpose of the fund-raising was mainly to reduce the cost of staying part of the February vacation at a youth hotel in Quebec, Canada. There the students learned what a modern, living language their classroom language really is!

The club, headed by the ingenious Mel Rota has learned to capture the beauty of nature on film.

The students have organized trips to different scenic routes and are planning more for the spring. It has also been a great asset to the O.L.I. Committee by assisting in the picture taking.

So get involved and have some fun ...

future nurses

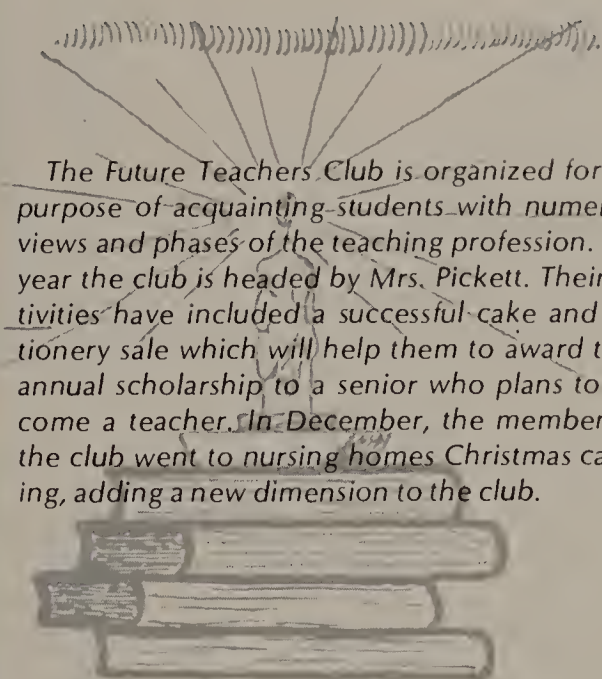

The Future Nurses' Club at Milford High School attracts students interested in a nursing career or a field related to the vast medical spectrum — medical technicians, dental hygienists, nurses' aides, etc. The purpose of the club is to provide information to its members regarding nursing schools in the area and to afford them the opportunity to listen to directors from the various schools and to visit these schools. The Future Nurses' Club has been active in assisting during various charity drives within the town of Milford. Some of the members are involved in volunteer work at our local hospital. The advisor of the club is Mrs. Roseanne Francesconi.

Officers — C. Gentile and D. Bertulli, with Mrs. Francesconi, Advisor.

Officers: A. Cozzens, A. Belisle, M. Ruggerio, C. Richards with Advisor Mrs. Pickett.

The Future Teachers Club is organized for the purpose of acquainting students with numerous views and phases of the teaching profession. This year the club is headed by Mrs. Pickett. Their activities have included a successful cake and stationery sale which will help them to award their annual scholarship to a senior who plans to become a teacher. In December, the members of the club went to nursing homes Christmas caroling, adding a new dimension to the club.

Our Pride, Our Strength, Our Joy

*A Ring that means eternity,
To glow and shine when darkness falls.
A Ring that speaks our loyalty,
And gives undying Pride to all.*

*Throughout our lives we'll always seek
The warmth and comfort of our past.
And in these Rings we will retain
Great faith and Strength and love to last.*

*Our days at Milford High lead on,
And soon our strife will reach its end.
But in our shining past we'll find,
This Ring, to us, great Joy will lend.*

*So with these Rings we will endure
Our lives with love and sanctity.
And in our quest we will, for sure
Let Dreams become our destiny.*

"... a Ring that means eternity ..."

"On your mark, get set ..."

"Smile, Rob!"

"I'll drink to that!"

KING PHILIP

SPELLBOUND

In October of our Junior Year, we began planning for one of the biggest events of our high school lives — the Junior Prom. The committee, headed by June Giacomuzzi, chose as its location the King Philip Ballroom in Wrentham.

The months went by, with the boys wondering who they should take, and the girls dreaming about their date and that first prom gown. And soon, the favors and programs had been ordered, the tickets had been printed, and the magical date of April 18th approached rapidly.

And then, the day. Would it rain? Would everything be in place?

APRIL 18, 1973

Slowly, everyone arrived for the cocktail hour — the girls now beautifully transformed into ladies; the boys now gallant men with their display of manners. Waiting for our pictures to be taken, there could be heard exclamations of joy and excitement.

At last, we entered the hall, with its tables decked in multi-colored daisies, and the spell was upon us. Jerry Seeco's band began to play, and the evening had begun.

... And soon, it was midnight — the end of the prom. The magic spell was broken. But for those hours of preparation, work and anticipation, at the Junior Prom 1973, we truly climbed our Stairway to Heaven.

Schneider, J. Griffin, A. Correia, P. Chapman, J. Lamothe, J. Farese, J. Restic, P. Ziipolo, D. Candini, Coach.

And a merchant said, Speak to us of Buying and Selling.

And he answered and said:

To you the earth yields her fruit, and you shall not want if you but know how to fill your hands.

It is in exchanging the gifts of the earth that you shall find abundance and be satisfied.

Yet unless the exchange be in love and kindly justice, it will but lead some to greed and others to hunger.

When in the market place you toilers of the sea and fields and vineyards meet the weavers and the potters and the gathers of spice, —

Invoke then the master spirit of the earth, to come into your midst and sanctify the scales and the reckoning that weighs value against value.

And suffer not the barren-handed to take part in your transactions, who would sell their words for your labour.

To such men you should say,

“Come with us to the field, or go with our brothers to the sea and cast your net;

For the land and the sea shall be bountiful to you even as to us.”

And if there come the singers and the dancers and the flute players buy of their gifts also.

For they too are gathers of fruit and frankincense, and that which they bring, though fashioned of dreams, is raiment and food for your soul.

And before you leave the market place, see that no one has gone his way with empty hands.

For the master spirit of the earth shall not sleep peacefully upon the wind till the needs of the least of you are satisfied.

You give but little when you give of your possessions. It is when you give of yourself that you truly give.

Whoever shares what he has with others, must do it generously; whoever has authority, must work hard; whoever shows kindness to others, must do it cheerfully . . . Share your belongings with your needy brothers, and open your homes to strangers.

It is clear that, in human society, to one man's right there corresponds a duty in all other persons: the duty, namely, of acknowledging and respecting the right in question. For every fundamental human right draws its indestructable moral force from the natural law, which in granting it imposes a corresponding obligation. Those, therefore, who claim their own rights, yet altogether forget or neglect to carry out their respective duties, are people who build with one hand and destroy with the other.

You're about to take a giant step forward into your future. We think we can make it the bright one you want it to be at New England Telephone. With a job that's every bit as big as your ambition. You see, we need people. With all kinds of talents. And especially, people who really want to get going with their future. And want to be rewarded with automatic raises. If you want a job and a future that's tailored to your talent... along with unusually generous fringe benefits, stop in and see your guidance counselor. Ask when and where you can apply for an interview with the people who want to make your future as happy as you want it to be.
